PROFILE

Computer science & business professional with global experience in software development, project leadership, and cross-cultural teamwork. Experienced in Python, React, and Next.js with experience in building-oriented programs. Ex-founder of an educational platform and organized large-scale student initiatives.

EXPERIENCE

Intern, Al Nayzak Organisation

Jerusalem

Jul 2025 — Present

- Co-developed 2 large-scale platforms (Horizons Academy & Pali-Swiss Hub) using Next.js, enabling 1,000+ students and professionals to access resources seamlessly.
- Built automated candidate-matching tools for a 1,000+ profile talent pool, reducing recruiter screening time by 40%.
- Designed tournament management dashboards for 120+ students, cutting data-entry errors and ensuring smooth operations across 13+ games.

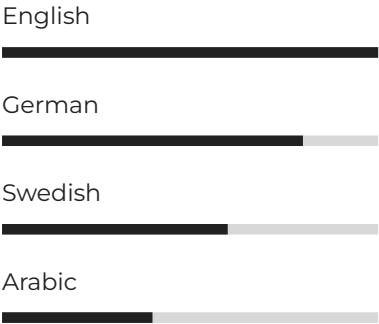

Founder & Tutor, MyMateTeaches

Lund

Sep 2024 — Feb 2025

- Founded Instagram-based EdTech platform (@mymateteaches), reaching 20+ IB and SNP students weekly.
- Improved academic outcomes: 3 SNP students raised D A; IB students improved by 4 points on average.
- Built interactive polls to guide weekly content, boosting student engagement and lesson relevance.
